No code to type in. The scan is what tells us you sent them.

WHAT HAPPENS WHEN SOMEONE SCANS IT

1. **Their phone opens the page**
   It goes straight to Find Your Program. No app, no login.
2. **The page says Colt Kenner sent them**
   Your name sits right at the top of the screen.
3. **They tap Find My Program**
   Five quick questions about their game and their goals.
4. **They get one plan and one coach**
   Elite, Compete or Pro, or a one time video breakdown or call.
5. **Your name rides along to checkout**
   Every buy button carries it, so the sale traces back to you.

WHERE TO PUT IT

- Save the code to your phone so you can pull it up fast.
- Print the sheet in this folder for your bag, your board, the tent or the wall at league.
- Post the image in your story or drop it in your bio link.

HOW YOU GET THE CREDIT

- It is tracking only. There is no discount code and nothing for them to type.
- Your link carries your name to the store, so Gavin can see which sales came off your code.
- If they type the plain web address instead of scanning, the credit is gone. Have them scan.

WHERE YOUR SALES GO

- Every sale off your code this season goes toward you. Bags, gear, entry fees, travel.
- It also pays for building your name. Shirts, banners, photos, all of it.
- Gavin tracks what your code brings in and goes over it with you.
- The more people you get to scan it, the more you have to work with.

WHAT TO SAY

"Scan this. It asks you a few questions and tells you which coach and plan fit your game."

Keep it short. The page does the selling.

IF SOMETHING LOOKS WRONG

Text Gavin. The page and the code can be fixed in about a minute.
